INDEPENDENT AUDITOR'S REPORT

Honorable Chairman and Members
Musconetcong Sewerage Authority
Budd Lake, New Jersey 07828

Report on the Financial Statements

Opinion

We have audited the accompanying statement of net position of the Musconetcong Sewerage Authority, as of December 31, 2021 and 2020 and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended, and the related notes to the financial statements, which collectively comprise the Authority's basic financial statements as listed in the table of contents.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Musconetcong Sewerage Authority as of December 31, 2021 and 2020, and the respective changes in financial position and cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in Government Auditing Standards (Government Auditing Standards), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Musconetcong Sewerage Authority and to meet our other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Musconetcong Sewerage Authority's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and Government Auditing Standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Musconetcong Sewerage Authority's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Musconetcong Sewerage Authority's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, schedule of the Authority's proportionate share of the net pension liability, and schedule of Authority contributions as listed in the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Authority's basic financial statements. The supplementary information listed in the table of contents and the schedule of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulation Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and N.J. OMB Circular 15-08 are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information listed in the table of contents and the schedule of expenditures of federal and state awards, as required by Title 2 U.S. Code of Federal Regulation Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) and N.J. OMB Circular 15-08 is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Management is responsible for the other information included in the annual report. The other information comprises the letter of comments and recommendations section but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 27, 2022 on our consideration of the Musconetcong Sewerage Authority's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the

Honorable Chairperson and Commissioners
Musconetcong Sewerage Authority
Page 5.

scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Musconetcong Sewerage Authority's internal control over financial reporting and compliance.

Very truly yours,

Wielkatz & Company, LLC

Management Discussion and Analysis

THIS PAGE INTENTIONALLY LEFT BLANK

MUSCONETCONG SEWERAGE AUTHORITY MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Musconetcong Sewerage Authority, we offer the Authority's financial statements this narrative overview and analysis of the Authority's financial performance during the fiscal year ended December 31, 2021 and 2020. Please read this analysis in conjunction with the Authority's financial statements, which follow this section.

Financial Highlights

- The Authority's assets and deferred outflows exceeded its liabilities and deferred inflows of resources by \$20,577,866 (net position) for the fiscal year reported. This compares to the previous year when assets exceeded liabilities and deferred inflows of resources by \$20,779,110.

- Total net position is comprised of the following:
 - (1) Net investment in capital assets of \$19,863,526 includes property and equipment, net of accumulated depreciation, and reduced for outstanding debt and unexpended funds related to the purchase or construction of capital assets.
 - (2) Restricted of \$19,934 are restricted by constraints imposed from outside the Authority such as debt covenants, grantors, laws, or regulations.
 - (3) Unrestricted of \$694,406 represent the portion available to maintain the Authority's continuing obligations to citizens and creditors.

- Total liabilities of the Authority decreased by \$1,387,182 to \$9,176,877 during the fiscal year.

Overview of the Financial Statements

This annual report includes this management discussion, the independent auditor's report and the basic financial statements of the Authority. The financial statements also include notes that explain in more detail some of the information in the financial statements.

Required Financial Statements

The financial statements of the Authority report information of the Authority using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about its activities. The *Statement of Net Position* includes all of the Authority's assets, deferred outflows of resources, liabilities and deferred inflows of resources, and provides information about the nature and amounts of investments in resources (assets), the consumption of net assets that is applicable to a future period (deferred outflows of resources), the acquisition of net assets that is applicable to a future reporting period (deferred inflows of resources) and the obligations to Authority creditors (liabilities). It also provides the basis for evaluating the capital structure of the Authority and assessing the liquidity and financial flexibility of the Authority.

**MUSCONETCONG SEWERAGE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

All of the current year's revenues and expenses are accounted for in the *Statement of Revenues, Expenses and Changes in Net Position*. This statement measures the results of the Authority's operations over the past year and can be used to determine whether the Authority has recovered all its costs through user fees and other charges, operational stability and credit worthiness.

The final required financial statement is the *Statement of Cash Flows*. This statement reports cash receipts and cash payments, and net changes in cash resulting from operations, investing and financing activities and provides answers to such questions as what operational sources provided cash, what was the cash used for, and what was the change in cash balance during the reporting period.

Notes to the Financial Statements

The accompanying notes to the financial statements provide information essential to a full understanding of the financial statements. The notes to the financial statements begin immediately following the basic financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report presents certain required supplementary information. This supplementary information follows the notes to the financial statements.

Financial Analysis of the Authority

One of the most important questions asked about the Authority's finances is "Is the Authority as a whole better able to fulfill its mission as a result of this year's activities?" The *Statement of Net Position* and the *Statement of Revenues, Expenses and Changes in Net Position* report information about the Authority's activities in a way that will help answer this question. These two statements report net position of the Authority and the changes in the position. The reader can think of the Authority's net position – the difference between assets, deferred outflows of resources, liabilities and deferred inflows of resources – as one way to measure financial health or financial position. Over time, increases or decreases in the Authority's net position are one indicator of whether its financial health is improving or deteriorating. However, one will need to consider the non-financial factors such as changes in economic conditions, population growth, development, and new or changed government regulation.

**MUSCONETCONG SEWERAGE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

Net Position

As year-to-year financial information is accumulated on a consistent basis, changes in net position may be observed and used to discuss the changing financial position of the Authority as a whole.

The Authority's net position at fiscal year-end is \$20,577,866. This is a \$201,244 decrease under last year's net position of \$20,779,110. A summary of the Authority's statement of net position is presented in the following table:

Budgetary Highlights

The State of New Jersey requires local authorities to prepare and adopt annual budgets in accordance with the Local Authorities Fiscal Control Law and regulations adopted by the Local Finance Board pursuant to this statute and codified as N.J.A.C. 5:31-1 et seq. The statutory budget was designed to demonstrate to the Bureau of Authority Regulation of the Division of Local Government Services that the cash flows of the Authority for the coming year will be sufficient to cover operating expenses, interest accruing on bonded indebtedness and cash payments of maturing bond and loan principal.

MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

During fiscal year 2021, the Authority had an increase of \$4,024,405 in capital assets (before depreciation). The Authority's net property, plant and equipment at fiscal year end was \$26,288,090. This is a \$2,412,753 increase over last year's net property, plant and equipment of \$23,875,337. A summary of the Authority's capital assets is presented in the following table:

CAPITAL ASSETS

	<u>FY 2021</u>	<u>FY 2020</u>	<u>Dollar Change</u>
Land	505,700	505,700	0
Buildings and Interceptors	61,302,954	61,280,533	22,421
Machinery and Equipment	201,060	201,060	0
Less: Accumulated Depreciation	(41,332,700)	(39,721,048)	(1,611,652)
Construction in Progress	<u>5,611,076</u>	<u>1,609,092</u>	<u>4,001,984</u>
	<u>26,288,090</u>	<u>23,875,337</u>	<u>2,412,753</u>

**MUSCONETCONG SEWERAGE AUTHORITY
MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)**

CAPITAL ASSETS AND DEBT ADMINISTRATION (Continued)

The Authority's on going capital plan is reviewed each year by the Authority's consulting engineer. Notable future capital improvements are listed below.

Sewer

U.V. Disinfection	\$650,000
Screenings Project	1,598,890
Aerator Replacement	3,000,000
Clarifier Rehabilitation	800,000
Pump Station(s) Renewals	300,000
Aerator Study	40,000
Sludge Mixing Drive and Shaft	87,500
Roofs - Plant and Buildings	900,000
CCTV Inspection and Cleaning Collection System	195,000
HVAC System and Boiler	<u>120,000</u>
Total	<u>\$7,691,390</u>

Debt Administration

At December 31, 2021, the Authority had outstanding New Jersey Environmental Infrastructure Fund bonds of \$1,479,226 (gross). The debt service schedule has a final maturity in 2030. Full details of the specific bond issues outstanding are found in Note 5 to the financial statements and the supplementary schedules. The Authority also had \$5,940,594 in temporary financing through the New Jersey Infrastructure Bank ("NJIB") at December 31, 2021.

Economic Factors, Future Years' Budgets and Rates

The Commissioners and management of the Authority consider many factors when preparing each year's budget and annual charges. Two of the main factors are growth in the Authority's system and new regulations issued by the State and Federal governments. Recently, however, national delays in supply chains and inflationary factors have begun to affect the Authority's cost of providing services. The Authority is therefore anticipating an increase in the cost of providing services in the next fiscal year due to recent increases in energy, fuel, material and chemical costs.

Contacting the Authority

This financial report is designed to provide our customers and creditors with a general overview of the Authority's finances and to demonstrate the Authority's accountability for the fees it receives. If you have any questions about this report or need additional information, contact the Executive Director of the Musconetcong Sewerage Authority, 110 Continental Drive, Budd Lake, NJ 07828.

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 1. GENERAL

The Musconetcong Sewerage Authority was created under the Sewerage Authorities Law of the State of New Jersey (Chapter 138, Laws of 1946 as amended and supplemented) to service the Borough of Stanhope in the County of Sussex and the Borough of Netcong in the County of Morris. Parallel ordinances were adopted by the respective governing bodies as follows: By the Borough of Stanhope on September 27, 1965, and by the Borough of Netcong on August 3, 1965

By agreement between the Authority and the Boroughs of Stanhope and Netcong dated 1967, the Authority constructed a trunk sewer system and a 500,000 G.P.D. sewerage disposal plant. Said construction was financed by a bond issue of \$591,000 dated January 1, 1971 (Series "A" Bonds) and by State and Federal Grants.

The aforementioned agreement also permits the signing of agreements to service additional municipalities as Customers of the Authority. The Authority has entered into an agreement with the Township of Mount Olive and has passed a resolution to treat sewerage from the Township of Roxbury.

A 500,000 G.P.D. addition was placed in service on July 5, 1976. To finance the cost of said improvement the Authority sold bonds in the amount of \$400,000 dated July 1, 1976 (Series "B" Bonds).

The governing body of the Authority consists of twelve members. Three members are appointed by each of the governing bodies of the Boroughs of Netcong and Stanhope, two members are appointed by each of the governing bodies of the Township of Mount Olive and Roxbury and one member is appointed by the governing bodies of the Boroughs of Mount Arlington and Hopatcong.

The Authority has constructed a 2.2 million gallon per day water pollution control plant and made improvements to existing pumping station and force mains. The Authority also constructed a new regional interceptor, pumping stations and force mains. The total cost for the Project was estimated at \$33 Million.

The Project allowed for new sewer unit connections in the Boroughs of Stanhope and Netcong. Service has been expanded to provide more gallonage to areas located in the Township of Mount Olive and the International Trade Zone. Additionally, sewer service is now available to the entire Landing-Shore Hills and Port Morris sections of Roxbury Township.

The Authority was awarded a grant from the United States Department of Environmental Protection to the extent of 55% of eligible costs of the Project. The remainder of the Project costs were raised by the issuance of revenue bonds in the amount of \$17,450,000 and by contributions from the International Trade Center, located within the Service Area of the Authority.

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 1. GENERAL, (continued)

In 1993 the Authority initiated design and funding of the Phase IA project to expand the Authority's existing wastewater treatment plant to provide 3.63 MGD treatment capacity within the existing plant site. The additional treatment capacity (1.43 MGD) was constructed to provide sewer service to the densely developed areas around Budd Lake within the Township of Mount Olive and within the Borough of Mount Arlington adjacent to Lake Hopatcong. The treatment plant expansion also includes capacity for future development within the portions of the Township of Roxbury and the New Jersey Foreign Trade Zone. The selected treatment process for the treatment plant expansion is conventional activated sludge with mechanical aeration, the same as the existing treatment process. The treatment process design includes provisions for nitrification, phosphorus removal, microstraining facilities and ultraviolet disinfection. Treated effluent will continue to be discharged to the Musconetcong River through the existing post aeration cascade unit and outfall sewer. In 2002, the Authority was successful in having the plant rereated adding an additional .18 MGD to the overall treatment capacity.

Sewage sludge generated by the expanded wastewater treatment plant will be treated in the existing sludge thickening and handling facility at the plant site. The existing sludge thickening and handling facility has sufficient capacity to accommodate all sludge that will be generated by the 4.31 MGD treatment plant.

Funding for the Phase IA project was financed by the issuance of Sewer Revenue Bonds, Series C, in the amount of \$3,545,000 for the local ineligible share and by New Jersey Wastewater Treatment Trust Financing Program loans from the Trust (\$7,955,000) and from the Fund (\$6,260,617) for the allowable costs of the new project.

In November of 1995, \$2,280,000 of Series C, Revenue Bonds were defeased since the Authority became eligible for additional New Jersey Wastewater Treatment Trust Financing, \$1,190,000 from the Trust and \$1,045,037 from the fund.

On December 15, 2002, \$12,855,000 of Series B, Refunding Bonds were defeased with the issuance of \$12,250,000 of Project I- Series 2002, Refunding Bonds.

In 2002, Authority initiated design and funding for the Phase IIA project to add an additional 500,000 gallon per day expansion to its wastewater treatment plant for the benefit of the Borough of Hopatcong. The Authority financed the cost of the project with grants from the United States Environmental Infrastructure Trust Program. The addition was certified for operation effective July 1, 2005.

As a Public body under existing statute, the Authority is exempt from both Federal and State Taxes.

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 1. GENERAL, (continued)

Component Unit

In evaluating how to define the Authority for financial reporting purposes, management has considered all potential component units. The decision to include any potential component units in the financial reporting entity was made by applying the criteria set forth in GASB Statements No. 14, *The Financial Reporting Entity*, as amended by GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*, and GASB Statement No. 61, *The Financial Reporting Entity: Omnibus - an amendment of GASB Statements No. 14 and No. 34*. Blended component units, although legally separate entities, are in-substance part of the government's operations. Each discretely presented component unit would be or is reported in a separate column in the financial statements to emphasize that it is legally separate from the government.

The basic-but not the only-criterion for including a potential component unit within the reporting entity is the governing body's ability to exercise oversight responsibility. The most significant manifestation of this ability is financial interdependency. Other manifestations of the ability to exercise oversight responsibility include, but are not limited to, the selection of governing authority, the designation of management, the ability to significantly influence operations, and accountability for fiscal matters. A second criterion used in evaluating potential component units is the scope of public service. Application of this criterion involves considering whether the activity benefits the government and/or its citizens.

A third criterion used to evaluate potential component units for inclusion or exclusion from the reporting entity is the existence of special financing relationships, regardless of whether the government is able to exercise oversight responsibilities. Finally, the nature and significance of a potential component unit to the primary government could warrant its inclusion within the reporting entity.

Based upon the application of these criteria, the Authority has no component units.

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The following is a summary of the more significant accounting policies:

A. Basis of Presentation

The financial statements of the Musconetcong Sewerage Authority have been prepared in accordance with generally accepted accounting principles (GAAP) applicable to enterprise funds of state and local governmental units. Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

A. Basis of Presentation, (continued)

intent of the governing body is that the costs (expenses, including depreciation) of providing services to the general public on a continuing basis be financed or recovered primarily through user charges, or where the governing body has decided that the periodic determination of revenues earned, expenses incurred, and or net income is appropriate for capital maintenance, public policy, accountability or other purposes. The Governmental Accounting Standards Board GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The significant of the Authority's accounting policies are described below.

On January 1, 2012, the Authority adopted the provisions of Governmental Accounting Standards Board Statement No. 63, *Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position*, which amends the net asset reporting requirement of Statement No. 34, *Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments*, and other pronouncements by incorporating deferred outflows from resources and deferred inflows of resources into the definitions of the required components of the residual measure and by renaming that measure as net position, rather than net assets. The classifications of net position are defined as follows:

- *Net investment in capital assets* - This component of net position consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are any significant unspent related debt proceeds at year-end, the portion of the debt attributable to the unspent proceeds are not included in the calculation of invested in capital assets, net of related debt. Rather that portion of the debt is included in the same net position component as the unspent proceeds.
- *Restricted* - This component of net position consists of constraints placed on net position used through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- *Unrestricted* - This component of net position consists of net position that do not meet the definition of "restricted" or "net investment in capital assets."

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

B. Basis of Accounting

The Musconetcong Sewerage Authority prepares its financial statements on the accrual basis of accounting in accordance with generally accepted accounting principles. Under the accrual basis of accounting, revenues are recognized when they are earned and expenses are recognized when the liability is incurred.

C. Reporting Entity

The Authority's financial statements include the accounts of all Authority operations. The primary criterion for including activities within the Authority's reporting entity, is set forth in Section 2100 of the GASB Codification of Governmental Accounting and Financial Reporting Standards. Based on this criteria, the Authority is a legally separate organization and has no component units.

D. Risks of Loss

The Authority purchases commercial insurance policies on an annual basis to handle risks of loss associated with property, auto, liability, workers compensation, flood damage, and employee crime coverage. Any potential liability of the Authority with respect to loss claims would be equal to the deductibles associated with the policies and an event, which may exceed policy coverage limits.

E. Grants

Contributions received from the U.S. Environmental Protection Agency and N.J. Department of Environmental Protection are recorded in the period in which they are awarded.

Grants receivable, if any, represent the total grant awards less amounts collected to date. Grants, if any, not internally restricted and utilized to finance operations are identified as non-operating revenue. Grants externally restricted for non-operating purposes are recorded as contributed capital and identified as grants-in-aid.

F. Inventories of Materials and Supplies

The cost of inventories, primarily chemicals for the treatment of sewerage and sludge, are recorded as expenditures at the time individual items are purchased, since they are not material to the results of operations and financial position.

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

G. Property, Plant and Equipment

Property, Plant and Equipment is stated at cost which includes direct construction costs and other expenditures related to construction. Land is stated at approximate fair market value as of the date it was donated to the Authority or at the purchase price if purchased by the Authority.

System construction costs are charged to construction in progress until such time as given segments of the system are completed and placed into operation.

Depreciation is determined on a straight-line basis for all plant and equipment. Depreciation is provided over the following estimated useful lives:

Building and Improvements	20-50 Years
Sewer Mains and Interceptors	50 Years
Machinery and Equipment	10-20 Years
Furniture and Fixtures	5 Years
Vehicles	3-10 Years

Depreciation on assets acquired with grants-in-aid and contributed capital assets is recorded as a reduction of contributed capital.

A summary of the changes in property, plant and equipment at December 31, 2021 and 2020 are as follows:

	<u>Balance</u> <u>12/31/20</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>12/31/21</u>

H. Restricted Accounts

Bond Service Fund

This fund was established to provide funds for the current debt service reserve requirement.

Escrow Fund

This account was established for developer escrow deposits and related disbursements.

The Authority has established the following designated unrestricted accounts:

Future Retirement Reserve

This fund was established to plan for the upcoming retirements of contracted personnel. Payments to employees who retire with unused sick and/or vacation time up to a maximum of \$15,000.

Capital Improvement Reserve

This account was established to fund future plant upgrades and other capital improvements.

Renewal and Replacement Reserve

This account was established to fund major repairs, renewals or maintenance items of a type not recurring annually.

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

H. Restricted Accounts, (continued)

Operations Reserve

The fund was established to provide a reserve for future operations.

I. Unamortized Gain on Refunded Debt

Gains on refunded debt are being amortized over the remaining life of the issues.

J. Operating Fund Budget

The budget amounts included in the statement of budget revenues and statement of budget expenditures were approved in accordance with the requirements of the "Local Finance Board" of the State of New Jersey, and were adopted by the Commissioners after legal advertisement and public hearing.

K. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make certain estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the statement of net position, and reported amounts of revenues and expenses during the reporting period. These estimates and assumptions include depreciation expense, the allowance for doubtful accounts and certain claims and judgment liabilities, among other accounts. Estimates and assumptions are reviewed periodically and the effects of revisions are reflected in the financial statements in the period they are determined to be necessary. Actual results may differ from those estimates.

L. Risk of Loss

The Authority purchases commercial insurance policies on an annual basis to handle risks of loss associated with property, auto, liability, workers compensation, flood damage and employee crime coverage. Any potential liability of the Authority with respect to loss claims would be equal to the deductibles associated with policies and an event, which may exceed policy coverage limits.

M. Sick and Vacation Leave

The Authority's policies regarding sick time permit employees to accumulate earned but unused sick leave with total payment not to exceed fifteen thousand dollars. The proprietary fund reports the liability as it is incurred.

MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

N. Net Position

Net position represent the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net assets invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Authority or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

O. Recent Accounting Pronouncements

In May 2020, the Government Accounting Standards Board issued GASB Statement No. 95, Postponement of the Effective Dates of Certain Authoritative Guidance. The primary objective of this Statement is to provide temporary relief to governments and other stakeholders in light of the COVID-19 pandemic. That objective is accomplished by postponing the effective dates of certain provisions in Statements and Implementation Guides that first became effective or are scheduled to become effective for periods beginning after June 15, 2018, and later. The effective dates of certain provisions contained in the following pronouncements are postponed by one year: Statement No. 83, *Certain Asset Retirement Obligations*; Statement No. 84, *Fiduciary Activities*; Statement No. 88, *Certain Disclosures Related to Debt, including Direct Borrowings and Direct Placements*; Statement No. 89, *Accounting for Interest Cost Incurred before the End of a Construction Period*; Statement No. 90, *Majority Equity Interests*; Statement No. 91, *Conduit Debt Obligations*; Statement No. 92, *Omnibus 2020*; Statement No. 93, *Replacement of Interbank Offered Rates*; Implementation Guide No. 2017-3, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions (and Certain Issues Related to OPEB Plan Reporting)*; Implementation Guide No. 2018-1, *Implementation Guidance Update—2018*; Implementation Guide No. 2019-1, *Implementation Guidance Update—2019*; Implementation Guide No. 2019-2, *Fiduciary Activities*. The effective dates of the following pronouncements are postponed by 18 months: Statement No. 87, *Leases*; Implementation Guide No. 2019-3, *Leases*. The requirements of this Statement are effective immediately.

In May 2020, the Government Accounting Standards Board issued GASB Statement No. 96, Subscription-Based Information Technology Arrangements. This Statement provides guidance on the accounting and financial reporting for subscription-based information technology arrangements (SBITAs) for government end users (governments). This Statement (1) defines a SBITA; (2) establishes that a SBITA results in a right-to-use subscription asset—an intangible asset—and a corresponding subscription liability; (3) provides the capitalization criteria for outlays other than subscription payments, including implementation costs of a SBITA; and (4) requires note disclosures

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

O. Recent Accounting Pronouncements, (continued)

regarding a SBITA. To the extent relevant, the standards for SBITAs are based on the standards established in Statement No. 87, Leases, as amended. The requirements of this Statement are effective for fiscal years beginning after June 15, 2022. The Authority is still determining the effects, if any, this statement will have on future financial statements.

In June 2020, the Government Accounting Standards Board issued GASB Statement No. 97, Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans – An Amendment of GASB Statements No. 14 and No. 84, and a Supersession of GASB Statement No. 32. The primary objectives of this Statement are to (1) increase consistency and comparability related to the reporting of fiduciary component units in circumstances in which a potential component unit does not have a governing board and the primary government performs the duties that a governing board typically would perform; (2) mitigate costs associated with the reporting of certain defined contribution pension plans, defined contribution other postemployment benefit (OPEB) plans, and employee benefit plans other than pension plans or OPEB plans (other employee benefit plans) as fiduciary component units in fiduciary fund financial statements; and (3) enhance the relevance, consistency, and comparability of the accounting and financial reporting for Internal Revenue Code (IRC) Section 457 deferred compensation plans (Section 457 plans) that meet the definition of a pension plan and for benefits provided through those plans. The requirements of this Statement that (1) exempt primary governments that perform the duties that a governing board typically performs from treating the absence of a governing board the same as the appointment of a voting majority of a governing board in determining whether they are financially accountable for defined contribution pension plans, defined contribution OPEB plans, or other employee benefit plans and (2) limit the applicability of the financial burden criterion in paragraph 7 of Statement 84 to defined benefit pension plans and defined benefit OPEB plans that are administered through trusts that meet the criteria in paragraph 3 of Statement 67 or paragraph 3 of Statement 74, respectively, are effective immediately. The requirements of this Statement that are related to the accounting and financial reporting for Section 457 plans are effective for fiscal years beginning after June 15, 2021. For purposes of determining whether a primary government is financially accountable for a potential component unit, the requirements of this Statement that provide that for all other arrangements, the absence of a governing board be treated the same as the appointment of a voting majority of a governing board if the primary government performs the duties that a governing board typically would perform, are effective for reporting periods beginning after June 15, 2021. Earlier application of those requirements is encouraged and permitted by requirement as specified within this Statement. The Board considered the effective dates for the requirements of

O. Recent Accounting Pronouncements, (continued)

this Statement in light of the COVID-19 pandemic and in concert with Statement No. 95, *Postponement of the Effective Dates of Certain Authoritative Guidance*. The Authority is currently reviewing what effect, if any, this Statement might have on future financial statements.

In April 2022, the Government Accounting Standards Board issued GASB Statement No. 99, Omnibus 2022. The Objectives of this Statement are to enhance comparability in accounting and financial reporting and to improve the consistency of authoritative literature by addressing (1) practice issues that have been identified during implementation and application of certain GASB Statements and (2) accounting and financial reporting for financial guarantees. The practice issues addressed by this Statement are as follows:

- Classification and reporting of derivative instruments within the scope of Statement No. 53, Accounting and Financial Reporting for Derivative Instruments, that do not meet the definition of either an investment derivative instrument or a hedging derivative instrument.
- Clarification of provisions in Statement No. 87, Leases, as amended, related to the determination of the lease term, classification of a lease as a short-term lease, recognition and measurement of a lease liability and a lease asset, and identification of lease incentives.
- Clarification of provisions in Statement No. 94, Public-Private and Public-Public Partnerships and Availability Payment Arrangements, related to (a) the determination of the public-private and public-public partnership (PPP) term and (b) recognition and measurement of installment payments and the transfer of the underlying PPP asset.
- Clarification of provisions in Statement No. 96, Subscription-Based Information Technology Arrangements, related to the subscription-based information technology arrangement (SBITA) term, classification of a SBITA as a short-term SBITA, and recognition and measurement of a subscription liability.
- Extension of the period during which the London Interbank Offered Rate (LIBOR) is considered an appropriate benchmark interest rate for the qualitative evaluation of the effectiveness of an interest rate swap that hedges the interest rate risk of taxable debt.
- Accounting for the distribution of benefits as part of the Supplemental Nutrition Assistance Program (SNAP).
- Disclosures related to nonmonetary transactions
- Pledges of future revenues when resources are not received by the pledging government

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

O. Recent Accounting Pronouncements, (continued)

- Clarification of provisions in Statement No. 34, Basic Financial Statements- and Management's Discussion Analysis-for State and Local Governments, as amended, related to the focus of the government-wide financial statements.
- Terminology updates related to certain provisions of Statement No. 63, Financial Reporting of Deferred Outflows of Resources, Deferred Inflows of Resources, and Net Position.
- Terminology used in Statement 53 to refer to resource flows statements.

The requirements of this Statement that are effective as follows:

- The requirements related to extension of the use of LIBOR, accounting for SNAP distributions, disclosures of nonmentary transactions, pledges of future revenues by pledging governments, clarification of certain provisions in Statement 34, as amended, and terminology updates related to Statement 53 and Statement 63 are effective upon issuance.
- The requirements related to leases, PPPs, and SBITAs are effective for fiscal years beginning after June 15, 2022, and all reporting periods thereafter.
- The requirements related to financial guarantees and the classification and reporting of derivative instruments within the scope of Statement 53 are effective for fiscal years beginning after June 15, 2023, and all reporting periods thereafter.

In June 2022, the Government Accounting Standards Board issued GASB Statement No. 100, *Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62*. This Statement defines *accounting changes* as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity and describes the transactions or other events that constitute those changes. The requirements of this Statement are effective for accounting changes and error corrections made in fiscal years beginning after June 15, 2023, and all reporting periods thereafter. The Authority is determining what effects, if any, this pronouncement will have on future financial statements.

In June 2022, the Government Accounting Standards Board issued GASB Statement No. 101, *Compensated Absences*. This Statement requires that liabilities for compensated absences be recognized for (1) leave that has not been used and (2) leave that has been used but not yet paid in cash or settled through noncash means. The requirements of this Statement are effective for fiscal years beginning after December 15, 2023, and all reporting periods thereafter. The Authority is determining what effects, if any, this pronouncement will have on future financial statements.

FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, (continued)

P. Revenues and Expenses

Proprietary funds distinguish *operating* revenues and expenses from *nonoperating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Authority are charges to customers for services. Operating expenses include the cost of operations and services, administrative expenses and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses. State and federal grants for the operation of the Authority are considered operating revenues. Transactions or other events that are both unusual in nature and infrequent in occurrence are reported as extraordinary items.

NOTE 3. CASH AND CASH EQUIVALENTS

Cash and cash equivalents include cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

In addition to the above collateral requirement, if the public funds deposited exceed 75% of the capital funds of the depository, the depository must provide collateral having a market value at least equal to 100% of the amount exceeding 75%.

All collateral must be deposited with the Federal Reserve Bank of New York, The Federal Reserve Bank of Philadelphia, the Federal Home Loan Bank of New York, or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000.

As of December 31, 2021 and 2020, the Authority's cash and cash equivalents are summarized as follows:

	<u>2021</u>	<u>2020</u>
Unrestricted	\$2,981,841	\$2,497,117
Restricted	<u>43,811</u>	<u>57,962</u>
	<u>\$3,025,652</u>	<u>\$2,555,079</u>

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 3. CASH AND CASH EQUIVALENTS, (continued)

The carrying amount of the Authority's cash and cash equivalents at December 31, 2021 was \$3,052,652 and the bank balance was \$3,085,993. This entire amount was covered by federal depository insurance and the collateral pool maintained by the banks as required by New Jersey Statutes.

Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposit may not be returned to it. The Authority's policy is based on New Jersey statutes requiring cash be deposited only in New Jersey based on banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in a qualified investment established in New Jersey Statutes 40A:5-15.1(a) that are treated as cash equivalents. As of December 31, 2021, \$-0- of the Authority's bank balance of \$3,085,993 was exposed to custodial risk.

NOTE 4. ACCOUNTS RECEIVABLE

The Authority bills participant customers on a quarterly basis. Credits are issued during the year if the previous year's budgetary revenues exceed expenses, less any net position utilized for budget purposes. The Authority had the following accounts receivable at December 31, 2021 and 2020:

	<u>Balance Jan. 1, 2021</u>	<u>Annual Billings</u>	<u>Municipal Credits</u>	<u>Amounts Received</u>	<u>Balance Dec.31, 2021</u>

NOTE 5. BONDS AND NOTES PAYABLE

Series 2002A NJ Environmental Infrastructure Trust Bonds

On October 15, 2002, the Authority issued \$6,306,851 Series 2002A Subordinate Bonds through the New Jersey Environmental Infrastructure Trust Program. These bonds are being used for improvements to the treatment facilities.

Principal and interest due on outstanding 2002A bonds to maturity is as follows:

Year	NJEIT SERIES 2002A			
	Trust Portion		Fund Portion	Total
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Debt Service</u>
Ending 2022	<u>\$266,695</u>	<u>\$12,923</u>	<u>\$181,621</u>	<u>\$461,239</u>

Series 2007A NJ Environmental Infrastructure Trust Bonds

On November 8, 2007 the Authority issued \$1,796,790 Series 2007A Subordinate Bonds through the New Jersey Environmental Infrastructure Trust Program. These bonds are being used for improvements to the treatment facilities. On February 1, 2016, these bonds were internally refunded by the New Jersey Environmental Infrastructure Trust, resulting in a savings of \$40,000 in principal and \$8,206 in interest.

Principal and interest due on outstanding 2007A bonds to maturity is as follows:

Year	NJEIT SERIES 2007A			
	Trust Portion		Fund Portion	Total
	<u>Principal</u>	<u>Interest</u>	<u>Principal</u>	<u>Debt Service</u>
Ending 2022	<u>\$78,000</u>	<u>\$3,900</u>	<u>\$64,257</u>	<u>\$146,157</u>

Series 2010B NJ Environmental Infrastructure Trust Bonds

On December 2, 2010, the Authority issued \$2,281,703 Series 2010B Subordinate Bonds through the New Jersey Environmental Infrastructure Trust Program. These bonds included \$186,838 in fund principal forgiveness.

Notes Payable - New Jersey Infrastructure Bank

On June 27, 2019, the Authority adopted a resolution authorizing the issuance of \$6,500,000 subordinate bonds for the influent/effluent facilities project (NJIB Project S340 384-09). On November 21, 2019, the New Jersey Infrastructure Bank granted temporary financing for this project in the amount of \$5,940,594. As of December 31, 2021, the Authority has drawn \$4,825,526 down on this temporary financing.

NOTE 6. PENSION PLAN

Description of Plans:

Authority employees participate in one of the two contributory, defined benefit public employee retirement systems: the State of New Jersey Public Employees' Retirement System (PERS) or the Defined Contribution Retirement Program (DCRP), a tax-qualified defined contribution money purchase pension plan under Internal Revenue Code (IRC) 401(a).

Public Employees' Retirement System (PERS)

Plan Description

The State of New Jersey Public Employees' Retirement System (PERS) is a cost-sharing multiple-employer defined benefit pension plan administered by the State of New Jersey, Division of Pensions and Benefits (the "Division"). For additional information about the PERS, please refer to the Division's Comprehensive Annual Financial Report (CAFR) which can be found at www.state.nj.us/treasury/pensions/annrpts.shtml.

**MUSCONETCONG SEWERAGE AUTHORITY
 NOTES TO FINANCIAL STATEMENTS, CONTINUED
 FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 6. PENSION PLANS, (continued)

Benefits Provided

The vesting and benefit provisions are set by N.J.S.A. 43:15A. PERS provides retirement, death and disability benefits. All benefits vest after ten years of service, except for medical benefits, which vest after 25 years of service or under the disability provisions of PERS. The following represents the membership tiers for PERS:

<u>Tier</u>	<u>Definition</u>
1	Members who were enrolled prior to July 1, 2007
2	Members who were eligible to enroll on or after July 1, 2007 and prior to November 2, 2008
3	Members who were eligible to enroll on or after November 2, 2008 and prior to May 22, 2010
4	Members who were eligible to enroll on or after May 22, 2010 and prior to June 28, 2011
5	Members who were eligible to enroll on or after June 28, 2011

Public Employees' Retirement System (PERS), (continued)

Service retirement benefits of 1/55th of final average salary for each year of service credit is available to Tiers 1 and 2 members upon reaching age 60 and to Tier 3 members upon reaching age 62. Service retirement benefits of 1/60th of final average salary for each year of service credit is available to Tier 4 members upon reaching age 62 and to Tier 5 members upon reaching age 65. Early retirement benefits are available to Tiers 1 and 2 members before reaching age 60, to Tiers 3 and 4 before age 62 with 25 or more years of service credit and Tier 5 with 30 or more years of service credit before age 65. Benefits are reduced by a fraction of a percent for each month that a member retires prior to the age at which a member can receive full early retirement benefits in accordance with their respective tier. Tier 1 members can receive an unreduced benefit from age 55 to age 60 if they have at least 25 years of service. Deferred retirement is available to members who have at least 10 years of service credit and have not reached the service retirement age for the respective tier.

Defined Contribution Retirement Program

Prudential Financial jointly administers the DCRP investments with the NJ Division of Pensions and Benefits. If an employee is ineligible to enroll in the PERS or PFRS, the employee may be eligible to enroll in the DCRP. DCRP provides eligible members with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting is immediate upon enrollment for members of the DCRP.

The State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, issues publicly available financial reports that include the financial statements and required supplementary information of the DCRP. The financial reports may be obtained by writing to the State of New Jersey, Department of the Treasury, Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625-0295.

**MUSCONETCONG SEWERAGE AUTHORITY
 NOTES TO FINANCIAL STATEMENTS, CONTINUED
 FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 6. PENSION PLANS, (continued)

Employers are required to contribute at an actuarially determined rate. Employee contributions are based on percentages of 5.50% for DCRP of employees' annual compensation, as defined. The DCRP was established July 1, 2007, under the provisions of Chapter 92, P.L. 2007 and expanded under the provisions of Chapter 89, P.L. 2008. Employee contributions for DCRP are matched by a 3% employer contribution.

Contribution Requirements

The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 7.5% for PERS. Employers are required to contribute at an actuarially determined rate in all Funds. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS. In the PERS, the employer contribution includes funding for post-retirement medical premiums.

The Authority's contribution to the various plans, equal to the required contributions for each year, were as follows:

Three Year Trend Information for PERS

<u>Year</u> <u>Funding</u>	<u>Annual</u> <u>Pension</u> <u>Cost (APC)</u>	<u>Percentage</u> <u>of APC</u> <u>Contributed</u>
12/31/21	\$96,343	100%
12/31/20	101,018	100%
12/31/19	96,512	100%

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS PER - GASB NO. 68

Public Employees Retirement System (PERS)

At December 31, 2021 and 2020, the Authority reported a liability of \$1,077,722 and \$1,394,376 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The Authority's proportion of the net pension liability was based on a projection of the Authority's long-term share of contributions to the pension plan relative to the projected contributions of all participating governments, actuarially determined. At June 30, 2021, the Authority's proportion was 0.0090973891 percent, which was a decrease of 0.0005468121 percent from its proportion measured as of June 30, 2020.

NOTE 6. PENSION PLANS, (continued)

**ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS
PER - GASB NO. 68, (continued)**

Public Employees Retirement System (PERS), (continued)

The \$106,500 reported as deferred outflows of resources related to pensions resulting from Authority contributions subsequent to the measurement date (i.e. for the fiscal year ending December 31, 2021, the plan measurement date is June 30, 2021) will be recognized as a reduction of the net pension liability in the subsequent year. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

	<u>Dec. 31, 2021</u>	<u>Dec. 31, 2020</u>
2021	\$ -	\$(174,969)
2022	(254,295)	(159,518)
2023	(181,566)	(91,160)
2024	(123,797)	(36,864)
2025	(93,059)	(7,973)
2026	36	-

Changes in Proportion

The previous amounts do not include employer specific deferred outflows of resources and deferred inflows of resources related to changes in proportion. These amounts should be recognized (amortized) by each employer over the average of the expected remaining service lives of all plan members, which is 5.13, 5.16, 5.21, 5.63, 5.48, 5.57, 5.72 and 6.44 years for 2021, 2020, 2019, 2018, 2017, 2016, 2015 and 2014 amounts, respectively.

Additional Information

Local Group Collective balances net of nonemployer (State of New Jersey) balances at December 31, 2021 and December 31, 2020 are as follows:

	<u>Dec. 31, 2021</u>	<u>Dec. 31, 2020</u>
Collective deferred outflows of resources	\$1,164,738,169	\$2,347,583,337
Collective deferred inflows of resources	8,339,123,762	7,849,949,467
Collective net pension liability	11,972,782,878	16,435,616,426
Authority's Proportion	0.0090973891%	0.0085505770%

Actuarial Assumptions

The collective total pension liability for the June 30, 2021 measurement date was determined by an actuarial valuation as of July 1, 2020, which rolled forward to June 30, 2021. This actuarial valuation used the following assumptions, applied to all periods in the measurement.

Inflation Rate:	
Price	2.75%
Wage	3.25%
Salary Increases:	
Through 2026	2.00-6.00% (based on years of service)
Thereafter	3.00-7.00% (based on years of service)
Investment Rate of Return	7.00 Percent

The actuarial assumptions used in the June 30, 2020 valuation were based on the results of an actuarial experience study for the period July 1, 2014 to June 30, 2020. It is likely that future experience will not exactly conform to these assumptions. To the extent that actual experience deviates from these assumptions, the emerging liabilities may be higher or lower than anticipated. The more the experience deviates, the larger the impact on future financial statements.

Public Employees Retirement System (PERS), (continued)

Mortality Rates

Pre-retirement mortality rates were based on the Pub-2010 General Below-Median Income Employee mortality table with an 82.2% adjustment for males and 101.4% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Post-retirement mortality rates were based on the Pub-2010 General Below-Median Income Healthy Retiree mortality table with a 91.4% adjustment for males and 99.7% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Disability retirement rates used to value disabled retirees were based on the Pub-2010 Non- Safety Disabled Retiree mortality table with a 127.7% adjustment for males and 117.2% adjustment for females, and with future improvement from the base year of 2010 on a generational basis. Mortality improvement based on Scale MP-2021.

Long-Term Rate of Return

In accordance with State statute, the long-term expected rate of return on plan investments (7.00% at June 30, 2021) is determined by the State Treasurer, after consultation with the Directors of the Division of Investments and Division of Pensions and Benefits, the board of trustees and the actuaries. The long-term expected rate of return was determined using a building block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in PERS's target asset allocation as of June 30, 2021 are summarized in the following table:

<u>Asset Class</u>	<u>Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equity	27.00%	8.09%
Non-U.S. Developed Market Equity	13.50%	8.71%
Emerging Market Equity	5.50%	10.90%
Private Equity	13.00%	11.30%
Real Assets	3.00%	7.40%
Real Estate	8.00%	9.15%
High Yield	2.00%	3.75%
Private Credit	8.00%	7.60%
Investment Grade Credit	8.00%	1.68%
Cash Equivalents	4.00%	0.50%
U.S. Treasuries	5.00%	0.95%
Risk Mitigation Strategies	3.00%	3.35%

NOTE 6. PENSION PLANS, (continued)

ACCOUNTING AND FINANCIAL REPORTING FOR PENSION IN THE FINANCIAL STATEMENTS PER - GASB NO. 68, (continued)

Public Employees Retirement System (PERS), (continued)

Discount Rate

The discount rate used to measure the total pension liability was 7.00% as of June 30, 2020. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current member contribution rates and that contributions from employers and the nonemployer contributing entity will be based on 78% of the actuarially determined contributions for the State employer and 100% of actuarially determined contributions for the local employers. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on plan investments was applied to all projected benefit payments to determine the total pension liability.

Sensitivity of the Collective Net Pension Liability to Changes in the Discount Rate

The following presents the collective net pension liability of the participating employers as of June 30, 2021, calculated using the discount rate as disclosed above as well as what the collective net pension liability would be if it was calculated using a discount rate that is 1 -percentage point lower or 1- percentage-point higher than the current rate:

	June 30, 2021		
	1% Decrease <u>6.00%</u>	At Current Discount Rate <u>7.00%</u>	1% Increase <u>8.00%</u>
Authority's proportionate share of the pension liability	\$1,483,284	\$1,077,722	\$754,784
	June 30, 2020		
	1% Decrease <u>6.00%</u>	At Current Discount Rate <u>7.00%</u>	1% Increase <u>8.00%</u>
Authority's proportionate share of the pension liability	\$1,769,089	\$1,394,376	\$1,096,689

Public Employees Retirement System (PERS), (continued)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued Financial Report for the State of New Jersey Public Employees Retirement System (PERS).

NOTE 7. ACCRUED SICK AND VACATION BENEFITS

The Authority permits employees to accrue a limited amount of unused vacations and sick pay, which may be paid upon retirement or death at an agreed-upon rate. It is estimated that the current cost of such unpaid compensation would approximate \$43,318 and \$61,681 at December 31, 2021 and 2020, respectively. This amount is reported as a liability and it is expected that the cost of such unpaid compensations would be included in the Authority's budget operating expenditures in the year in which it is used or charged to its reserve for future retirements which has a balance of \$50,000 as of December 31, 2021 and 2020.

NOTE 8. RELATED PARTIES

Mr. John Sylvester, Mr. Elmer Still, Mr. Rich Schindelar, Mr. Andrew Cangiano and Tom Romano, Commissioners of the Authority, are also Councilmen of the Boroughs of Netcong, Netcong, Hopatcong, Mt. Arlington and Stanhope, respectively. The schedule of operating revenues includes \$422,706, \$1,001,786, \$308,613 and \$504,582 of revenue from the Boroughs of Netcong, Hopatcong, Mt. Arlington and Stanhope and the schedule of amount due to/(from) municipalities includes \$22,688, \$29,113, \$16,565 and \$27,083 due to the Boroughs of Netcong, Hopatcong, Mt. Arlington and Stanhope.

NOTE 9. COMMITMENTS AND CONTINGENT LIABILITIES

Various legal actions, proceedings and claims are pending or may be instituted or asserted against the Authority. They are as follows:

The Authority is involved in litigation regarding the 2011 final New Jersey Pollutant Discharge Elimination System (NJPDDES) Permit Action ("Permit") issued by the New Jersey Department of Environmental Protection ("DEP"). In 2015 the matter was partially settled except for one unresolved issue, the limit for nitrates. The litigation was put on hold pending issuance of the next renewal permit.

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 9. COMMITMENTS AND CONTINGENT LIABILITIES, (continued)

In July 2020, the Authority applied to renew its Permit and a renewal Permit was issued on December 11, 2020. The nitrate limit in the new Permit, as before, is not currently being met. On January 5, 2021, the Authority filed a Request for a Hearing and a Request for a Stay. A stay was granted on July 7, 2022 and a request for hearing was granted on July 22, 2021. The parties are currently engaged in pre-trial discovery. A hearing is scheduled for November 29, 2022. The Authority's Engineer estimates that the cost of compliance with the nitrate limit in the permits is somewhere in the range of \$12,000,000 to \$20,000,000.

While the outcome of the above noted proceedings cannot be predicted, the financial impact will become clearer once the final nitrate limit is known.

NOTE 10. RISK MANAGEMENT

The Musconetcong Sewerage Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters.

The Authority is a member of the New Jersey Utility Authorities Joint Insurance Fund (the "Fund"). The Fund is both an insured and self-administered group of utilities established for the purpose of providing certain low-cost property, liability, public official's liability and workers' compensation insurance coverage for member authorities. The Musconetcong Sewerage Authority pays an annual assessment to the Fund and should it be determined that payments received by the Fund for deficient, additional assessments may be levied.

The Authority continues to carry commercial insurance coverage for all other risks of loss, including employee health and life insurance. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTE 11. DESIGNATION OF UNRESTRICTED NET ASSETS

The Authority maintains funds that, although may be spent for any lawful purpose by the Authority, have been designated by the Board as follows:

	<u>2021</u>	<u>2020</u>
Designated for Future Retirement Reserve	\$50,000	\$50,000
Designated for Capital Improvement Reserve	1,084,985	781,761
Designated for Renewal and Replacement Reserve	526,266	341,606
Designated for Operations Reserve	<u>50,000</u>	<u>50,000</u>
Total Designated - Unrestricted	<u>\$1,711,251</u>	<u>\$1,223,367</u>

**MUSCONETCONG SEWERAGE AUTHORITY
NOTES TO FINANCIAL STATEMENTS, CONTINUED
FOR THE YEARS ENDED DECEMBER 31, 2021 AND 2020**

NOTE 11. DESIGNATION OF UNRESTRICTED NET ASSETS, (continued)

At December 31, 2021 and 2020, the Authority reported a total amount of \$1,711,251 and \$1,223,367, respectively, of Unrestricted Net Position - Designated for the purposes described above.

The remaining, undesignated portion of the Authority's net position was comprised of the following at December 31, 2021 and 2020:

	<u>2021</u>	<u>2020</u>
Pension Related	(\$1,748,719)	(\$2,055,766)
Available for Use in Future Budgets	<u>731,874</u>	<u>696,873</u>
	<u>(\$1,016,845)</u>	<u>(\$1,358,893)</u>

NOTE 12. SUBSEQUENT EVENTS

The Musconetcong Sewerage Authority has evaluated subsequent events through June 27, 2022, the date which the financial statements were available to be issued and no items were noted for disclosure.

NOTE 13. OTHER MATTERS

On March 9, 2020, Governor Phil Murphy signed Executive Order No. 103 that declared a State of Emergency and Public Health Emergency across all 21 counties in New Jersey in response to address the novel coronavirus (COVID-19) outbreak. At the time of this report, the overall effects of the COVID-19 pandemic are unknown, however, national delays in supply chains and inflationary factors have begun to affect the Authority's cost of providing services. The Authority will continue to monitor the situation closely.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Honorable Chairman and Members
Musconetcong Sewerage Authority
Budd Lake, New Jersey 07828

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey; and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of the Musconetcong Sewerage Authority, as of and for the year ended December 31, 2021, and the related notes to the financial statements, and have issued our report thereon dated June 27, 2022.

Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the Musconetcong Sewerage Authority's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Musconetcong Sewerage Authority's internal control. Accordingly, we do not express an opinion on the effectiveness of the Musconetcong Sewerage Authority's internal control.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and responses to be material weaknesses (Finding 2021-001).

Honorable Chairman and Members of the
Musconetcong Sewerage Authority
Page 2.

A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Musconetcong Sewerage Authority's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed one instance of noncompliance or other matters that are required to be reported under Government Auditing Standards (Finding 2021-002).

Management's Response to Findings

Musconetcong Sewerage Authority's response to the findings identified in our audit are described in the accompanying schedule of findings and responses. Management's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR FEDERAL PROGRAM AND INTERNAL CONTROL
OVER COMPLIANCE IN ACCORDANCE WITH UNIFORM GUIDANCE
AND N.J. OMB CIRCULAR 15-08**

Honorable Chairman and Members of the
Musconetcong Sewerage Authority
Budd Lake, New Jersey 07828

Report on Compliance for Each Major Federal and State Program

Opinion on Each Major Federal and State Program

We have audited the Musconetcong Sewerage Authority's compliance with the types of compliance requirements identified as subject to audit in the Office of Management and Budget (OMB)'s *Compliance Supplements* that could have a direct and material effect on each of the Musconetcong Sewerage Authority's major federal and state programs for the year ended December 31, 2021. The Musconetcong Sewerage Authority's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the Musconetcong Sewerage Authority complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended December 31, 2021.

Basis for Opinion on Each Major Federal and State Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance) and N.J. OMB Circular 15-08. Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the Musconetcong Sewerage Authority and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal and state program. Our audit does not provide a legal determination of the Musconetcong Sewerage Authority's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules, and provisions of contracts or grant agreements applicable to the Musconetcong Sewerage Authority's federal and state programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the Musconetcong Sewerage Authority's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance, and N.J. OMB Circular 15-08 will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the Musconetcong Sewerage Authority's compliance with the requirements of each major federal and state program as a whole.

In performing an audit in accordance with generally accepted auditing standards, Government Auditing Standards, the Uniform Guidance, and N.J. OMB Circular 15-08, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the Musconetcong Sewerage Authority's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.

- Obtain an understanding of the Musconetcong Sewerage Authority's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance and N.J. OMB Circular 15-08, but not for the purpose of expressing an opinion on the effectiveness of the Musconetcong Sewerage Authority's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance and N.J. OMB Circular 15-08. Accordingly, this report is not suitable for any other purpose.

Honorable Chairman and Members of the
Musconetcong Sewerage Authority

**Report on Schedule of Expenditures of Federal and State Awards Required by the Uniform
Guidance and N.J. OMB Circular 15-08.**

We have audited the financial statements of the Musconetcong Sewerage Authority as of and for the year ended December 31, 2021, and have issued our report thereon dated June 27, 2022, which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by Uniform Guidance and N.J. OMB Circular 15-08 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal and state awards is fairly stated in all material respects in relation to the financial statements as a whole.

This report is intended solely for the information of the management and the New Jersey State Department of Community Affairs, other state and federal awarding agencies and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties.

MUSCONETCONG SEWERAGE AUTHORITY

**NOTES TO THE SCHEDULE OF EXPENDITURES
OF FEDERAL AND STATE AWARDS**

DECEMBER 31, 2021

NOTE 1. GENERAL

The accompanying Schedule of Expenditures of Federal and State Awards present the activity of all federal and state award programs of the Musconetcong Sewerage Authority. The Authority is defined in Note 1 to the Authority's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state financial assistance passed through other government agencies is included on the Schedule of Expenditures of Federal Awards and State Financial Assistance.

NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented on the accrual basis of accounting. These bases of accounting are described in Notes 2(A) to the Authority's basic financial statements. The information in this schedule is presented in accordance with the requirements of Uniform Guidance and Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid.

NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

Awards and financial assistance are reported in the Authority's basic financial statements on a GAAP basis as follows:

	New Jersey Environmental <u>Fund</u>	New Jersey Environmental <u>Trust</u>	<u>Total</u>
Balance - 1/1/21	\$2,792,007	\$2,792,006	\$5,584,013
Credits Applied	(29,703)	(29,702)	(59,405)
Funds Received	<u>(2,204,770)</u>	<u>(2,204,770)</u>	<u>(4,409,540)</u>
Balance - 12/31/21	<u>\$557,534</u>	<u>\$557,534</u>	<u>\$1,115,068</u>

NOTE 4. RELATIONSHIP TO FEDERAL FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal financial reports.

NOTE 5. INDIRECT COST RATE

The Musconetcong Sewerage Authority has not elected to use the 10-percent de minimis indirect cost rate as allowed under the Uniform Guidance.

N.J. Environmental Infrastructure Trust Fund

MUSCONETCONG SEWERAGE AUTHORITY

SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021

(continued)

Section II - Financial Statement Findings

Finding 2021-001:*

Conditions:

The Authority should maintain the property, plant and equipment subsidiary ledger and reconcile it to the general ledger control account.

Criteria:

N.J. Administrative Code Section 5:31-7.1 Accounting and Financial Reporting system requires a properly functioning system of accounting and accounting controls.

Cause:

The Authority has not established an accounting system that records additions, deletions and depreciation to the property, plant and equipment control account.

Effect:

The Authority's general ledger required material journal entries to correctly reflect the financial statement balances at the end of the year.

Recommendation:

That the Authority maintain the property, plant and equipment subsidiary ledger and reconcile it to the general ledger control account.

Authority Response:

The Authority will work with its auditor to maintain the property, plant and equipment subsidiary ledger.

MUSCONETCONG SEWERAGE AUTHORITY

**SCHEDULE OF FINDINGS AND QUESTIONED COSTS
FOR THE FISCAL YEAR ENDED DECEMBER 31, 2021**

(continued)

Section II - Financial Statement Findings (continued)

Finding 2021-002*:

Conditions:

Capital expenditures were made without a budgetary capital line item.

Criteria:

N.J.A.C. 5:31-2.2 states that no Authority shall make appropriations, authorize expenditures or adopt a security agreement for a capital project unless its provisions are in agreement with the adopted capital budget, temporary capital budget or amended capital budget.

Cause:

The capital expenditures discussed in this finding were originally budgeted for the prior period's capital budget. Management did not realize an amendment was required to the current year capital budget to include these items.

Effect:

The Authority has not complied with the N.J.A.C. 5:31-2.2.

Recommendation:

A resolution amending the capital budget should be made prior to capital expenditure.

Authority Response:

Management acknowledges the requirements of N.J.A.C. 5:31 and will amend their capital budget accordingly in future periods.

General Comments and Recommendations

THIS PAGE INTENTIONALLY LEFT BLANK

MUSCONETCONG SEWERAGE AUTHORITY

GENERAL COMMENTS

Contracts and Agreements Required to be Advertised Per N.J.S. 40A:11-3

N.J.S.A. 40A:11-2 contains definitions for terms used throughout N.J.S.A. 40A:11-1 et seq. and was amended under P.L. 1999, c.440. It includes as subsection (23) the term 'competitive contracting', which is defined as "the method described in sections 1 through 5 of P.L. 1999, c.440 (C.40:11-4.1 through C.40A:11-4.5) of contracting for specialized goods and services in which formal proposals are solicited from vendors, formal proposals are evaluated by the purchasing agent or counsel; and the governing body awards a contract to a vendor or vendors from among the formal proposals received."

N.J.S.A. 40A:11-3 was amended with P.L. 1999, c.440 to raise the bid threshold and require award by governing body resolution. "When the cost or price of any contract awarded by the purchasing agent in the aggregate does not exceed in a contract year the sum of \$44,000, the contract may be awarded by a purchasing agent when so authorized by ordinance or resolution as appropriate to the contracting unit, of the governing body of the contracting unit without public advertising for bids and bidding therefore, except that the governing body may adopt an ordinance or resolution to set a lower threshold for the receipt of public bids or the solicitation of competitive quotations."

N.J.S.A. 40A:11-15 was amended with P.L. 1999, c.440 to extend the base contract period. "Any contract made pursuant to this section may be awarded for a period of 24 consecutive months, except that contracts for professional services pursuant to paragraph (1) of subsection (a) of N.J.S.A. 40A:11-5 may be awarded for a period not exceeding 12 consecutive months.

The governing body of the Authority has the responsibility of determining whether the expenditures in any category will exceed the statutory threshold within the contract year. Where question arises as to whether any contract or agreement might result in violation of the statute, the opinion of the Authority's attorney should be sought before a commitment is made.

Inasmuch as the system of records did not provide for an accumulation of payments for categories for the performance of any work or the furnishing or hiring of any materials or supplies, the results of such an accumulation could not reasonably be ascertained. Disbursements were reviewed, however, to determine whether any clear-cut violations existed.

The results of our examination indicated that no individual payments, contracts, or agreements were made "for the performance of any work or the furnishing or hiring of any materials or supplies," in excess of the statutory thresholds where there had been no advertising for bids in accordance with the provision of N.J.S.A. 40A:11-4.

Resolutions were adopted authorizing the awarding of contract or agreements for "Professional Services" per N.J.S.A. 40A:11-5.

MUSCONETCONG SEWERAGE AUTHORITY

A review was performed on all prior year recommendations and corrective action was taken on all items, except those noted with an asterisk "*".

Problems and weaknesses noted in our review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Should any questions arise as to our comments and recommendations, or should you desire assistance in implementing our recommendations, do not hesitate to call us.

We wish to thank Musconetcong Sewerage Authority for their cooperation during the performance of our audit.

Respectfully submitted,
